COVID-19 Business Continuity Statement

CBR International has designed its systems to ensure employees can securely provide continued service to clients while onsite from our offices, or via telecommuting due to a short-term or extended office closure. Should our offices be closed due to potential exposure to COVID-19, we will continue to operate and provide ongoing support to clients.

We are continuously monitoring the ongoing situation and encourage our employees to follow the guidelines set forth by the US Centers for Disease Control. For additional information on Guidance for Businesses and Employers, please see the US CDC link below:
